Around the world in 80 minutes

HOLY Family GNS celebrated International Day on Wednesday 3 June last. Twenty five nationalities celebrated their culture, languages and traditions through music, poetry, song and dance. A crescendo of African drumming led by Eddie Sheehan and 6th class opened the event. Also included in the programme was gospel music from Africa and music from Spain, France , Poland and Germany. There were a wide variety of dances on display from Spain, Australia, Bangladesh and Ireland. The performances took us on a whistle stop tour around the world, stopping in the West Indies, Jamaica, New Zealand, Canada, Japan,across the EU and back to Ireland, when the pupils danced and clapped to Irish traditional tunes which were played by our prize winning Banna Ceoil. The school celebrated the various cultures through the medium of art also, with art displays throughout the school. Classrooms were visited by parents and guests who invited the pupils to learn about 'their small corner of the world'. The celebration ended with each class parading through the hall, dressed in their international costumes and carrying the flag of their chosen country/countries.

Forum does not get involved in politics

MAI Quaid, acting chairperson of the Baltinglass & District Forum said last week that a flyer received the day before last week's elections from a body calling itself the "Baltinglass Community Residents Group" might be confused with the forum. The leaflet was also directly associated with a specific politician – Councillor Tommy Cullen.

A copy of the flyer, which had been put through letterboxes in selected parts of the town, was circulated at the meeting of the forum last Thursday 4 June and concern over its contents was expressed.

The Forum distances itself from politics and Mai pointed out that it was established to work (which its title implies) for the entire community.

She said that the forum was committed to the formation of suburban residents' associations, with funds being available for this purpose via the Wicklow County Council, subject to various conditions applying. "Forums are most effective when they embrace the needs of the entire community, a good example of this being the success of the Blessington & District Forum in getting things done.

"But it takes time and determination to unite groups in a common cause and build up momentum. Blessington's forum has been in existence far longer than that of Baltinglass'," she said.

The previously unknown 'Baltinglass Community Residents Association' mentioned in the flyer is invited to participate in future workings of the forum, because a community is most effective when it is united by common resolve.

TOWN WALKING ROUTES: The Traffic Subgroup of the Baltinglass & District Forum told last Thursday's forum meeting that it had completed the "broad-brush" map of the 14 pedestrian routes for Baltinglass and was now preparing a detailed document on one of them for presentation at the next meeting. The remaining thirteen routes would then be tackled in order of priority. The goal would be to provide a convincing recommendation on all pedestrian route enhancements to Wicklow County Council and Garda Siochana

RESIDENTS AND NOTICE BOARDS: At the 4 June Forum meeting and in pursuit of encouraging the formation of residents associations in Baltinglass suburbs and outlying villages, it was agreed to develop a standard guideline for their formation. Agreement was reached to establish a set of permanent notice boards listing bus timetables, library opening times and forthcoming events. Any costs in would be met by the council.

WICKLOW ACCESS GROUP: Aoife Flynn of Wicklow County Council told the Forum meeting last Thursday of the work being done by the council for people with disabilities. A disability-access audit was done by the council in all Wicklow's towns and larger villages, after which a report was prepared. Many parts were damning. In the case of Baltinglass the state of the pavements, lack of wheelchair transition points from road to pavement and obstructions in the library area attracted much criticism. The absence of suitable colour coding was also one of the issues. (For the partially- sighted and those suffering from variations of colour-blindness, appropriate coding and icons were lacking.). Changes addressing these issues were now being made by the engineering department – not least to improving the main entrance and subsidiary doors to the library.

NEXT FORUM MEETING be on Thursday 3 September (8pm) in the Lalor Centre, Baltinglass.

BALTO GIRLS TAKE LEINSTER: The U12 Wicklow girls GAA team won a Leinster title on bank holiday Monday at the O'Hanrahan's Club in Carlow with Baltinglass well represented on the winning team. Congratulations to Rachel O'Neill, Hannah Dowling who played at midfield, to Helena Dowling in the forwards and to Chelsea Keogh and Ciara Lawlor in the defence. Wicklow beat Offaly in the final by 1-5 to 1-0, having won their three previous matches, which included beating Dublin and Westmeath

EUROPEAN HEALTH CARD AND CHILDREN: If you are planning to holiday in Europe this summer the Baltinglass Citizens Information Centre reminds you that the European Health Insurance Card is issued to individuals only – so this means you must apply in good time for cards for your children too. Countries covered by the card are the 27 member states of the EU plus Iceland, Liechtenstein, Norway and Switzerland.

You can apply for your children's cards online at www.ehic.ie if they already have a medical card, GP Visit Card or Drugs Payment Scheme card. Otherwise you can download an application form from www.ehic.ie

For more details on what the card covers (and what it doesn't) call in at the CIC on Wednesdays on the first floor of the Baltinglass Library or on Fridays in the old Credit Union building.

DUBLIN OUTING: The next outing of the Baltinglass & District Active Retirement Association is to the third oldest zoo in the world – Dublin Zoo and Farmleigh House to the northwest of Phoenix Park. Farmleigh House is the premier accommodation address for guests of the nation. The bus leaves from Weaver Square on Thursday 11 June (10am sharp). Call Vera on 059 648 1469 to confirm your booking.

DAY CARE MEETING: The next meeting of the Day Care Centre will be in the centre today, Wednesday, 10 June (8.30pm).

FRESHEST LETTUCE: Fresh garden-to-fork lettuce is on sale in the community garden near the Lalor Centre every Tuesday morning at 10.30am. The darker the lettuce, the more nutritious it is.

GOODBYE NOXIOUS WEED: It seems that finding cigarettes in Baltinglass shops and surrounding villages will be that much more difficult from 1 July because that's the date that all tobacco products will disappear out of sight in retail outlets. Tobacco product vending machines will likewise disappear – except in licensed premises and registered clubs.

Before managers of the latter begin to rub their hands in glee, expecting an influx of customers desperately seeking the noxious weed, they should know that a retail register will be introduced for tobacco retailers. There will also be a ban on all in-store point of sale tobacco products.

BROADBAND IS COMING: The following areas will be receiving broadband within the next 21 months – Grangecon, Talbotstown, Hollywood, Eadestown, Donoughmore, Kiltegan, Glen of Imaal, Rathdangan and Valleymount.
